

CLEMENS BUSCH RIESLING MOSEL MARIENBURG FAHRLAY GG 2021

Deep and cool nose of crisp pear, bergamot and a touch of floral honey. Bold and firmly structured, this has impressive depth, but needs some time to open up. Plenty of crushed rock minerality at the long, weighty finish. From biodynamically grown grapes with Respekt certification. Drinkable now, but best from 2024.

CLEMENS BUSCH RIESLING MOSEL
MARIENBURG FAHRLAY TERRASSEN
GG 2021

This is a rich and generous dry riesling with plenty of Asian pear, melon and white peach aromas. Quite some textural complexity from the interplay of fine tannins and creaminess from sur lie maturation. Plenty of crushed stone minerality at the firm finish. From biodynamically grown grapes with Respekt certification. Drink or hold.

CLEMENS BUSCH RIESLING MOSEL MARIENBURG FALKENLAY GG 2021

Full peachy nose, impressive ripeness and generosity for the vintage, this is an immediately appealing 2021 Mosel riesling GG that also has the structure to age well. Still firm at the minty and earthy finish. From biodynamically grown grapes with Respekt certification. Drink or hold.

CLEMENS BUSCH RIESLING MOSEL MARIENBURG GG 2021

I love the white peach and ripe apple aromas that pour from this sleek and crisp, but very well balanced riesling GG. Long, quite pointed finish that will please riesling fans who remember the wines of the 1970s and 1980s. From biodynamically grown grapes with Respekt certification. Drink or hold.

CLEMENS BUSCH RIESLING MOSEL MARIENBURG ROTHENPFAD GG 2021

A standout 2021 Mosel GG! Stunning nose of peach and wild herbs with a touch of leesy youthfulness. Excellent concentration and a gracefulness that is rare with this vintage. So focused and finely nuanced, the fruit and wet stone minerality ripple over the palate. I love the delicate citrusy notes at the long, vibrant finish. From biodynamically grown grapes with Respekt certification. Drink or hold.
